

Product Migration Notification

Date: August 24, 2010 **Notification No.** E2010010b

To: Valued Customers

From: EEPROM Product Marketing

Current Products : ISSI's EEPROMs

New Products : Giantec's EEPROMs

Description of Change:

In order to be more focus on the EEPROM and smart card products, ISSI has formed a new business unit, Giantec Semiconductor Inc. (Giantec), to continue serving the existing and future customers better.

Rationale for Change:

Giantec will be responsible on migrating the ISSI's EEPROM product line into Giantec's products. Giantec's EEPROM products are manufactured by the same fabs and packaging subcons partners. Hence, the quality of Giantec's products is identical to ISSI's products.

Date of Change:

Immediate effective, all ISSI's EEPROM products are able to migrate to Giantec's EEPROM products. The appendix reviews the x-reference among the Ordering P/Ns. End-of-Life (EOL) notices on all ISSI P/Ns are already issued.

Estimated Schedule:

Engineering samples: Now.

Mass Production: from Mar, 2010.

For any inquiries, please contact the local Giantec Sales Representatives for assistance or email to eeeprom@giantec-semi.com

Sincerely Yours,

Spencer Ling
